AAC Zoominar
held: discussion
and decisions
made are on
this document.

General notes on implementation of Section 4:

- 1) For ease of reference, tasks were numbered.
- 2) If weighting per term was not prescribed, SACAI decided to prescribe the weighting.
- 3) Totals of tasks always refer to the minimum requirement. If the total of a task is higher than the minimum requirement, convert the mark to the minimum requirement on the learner's script.
