**SECTION B****QUESTION 2: DEVELOPMENT AND SUSTAINABLE USE OF RESOURCES**

Read the following press release of the 15th Session of the UN Commission on Sustainable Development and answer the questions that follow.

**The Poverty Trap**

We will never achieve **sustainable development** goals as long as a third of all people do not have modern energy services.

As long as women and children have to forage for firewood, as long as students cannot read after sunset, and as long as new businesses and industries cannot get the power they need to operate, **we cannot expect to achieve development** that is economically, socially and environmentally balanced.

Countries are expected to rely on fossil fuels to meet their energy needs through 2030 and beyond, and emissions of CO<sub>2</sub>, **the dominant greenhouse gas**, are expected to double by 2030.

Developing countries, which have contributed least to the atmospheric buildup of carbon dioxide, are the ones at the greatest risk and least equipped to deal with the effects of climate change.
